

VISIONNAIRE

Success Case

Email Infrastructure Support

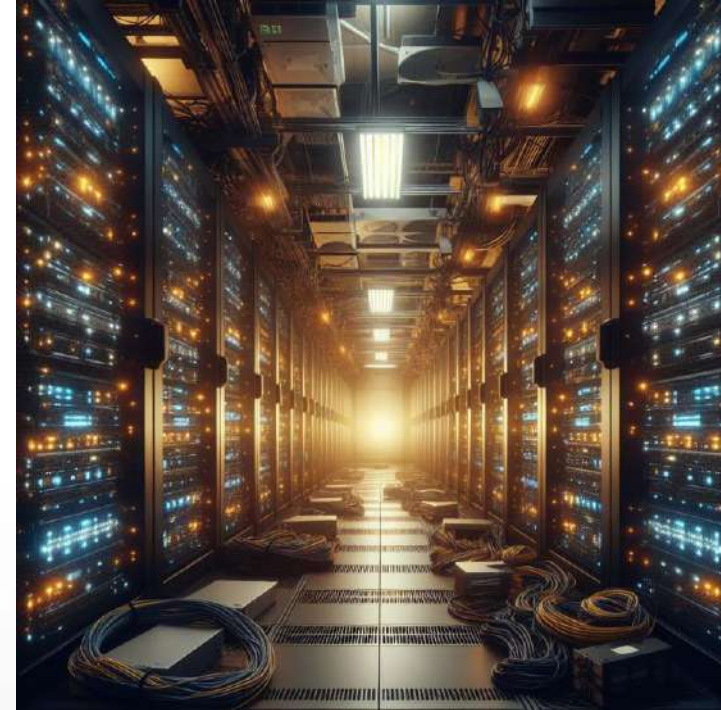

Problem

Need for email infrastructure support for two domains, both from Amitech Tecnologia and Arte Maggiore.

Solution

Visionnaire took charge of email server support services and labor support for the domains <https://amitech.tech/> and <https://www.artemaggiore.com.br/>, using KingHost Email Hosting.

Results

With Visionnaire's *expertise*, Amitech Tecnologia obtained the necessary email infrastructure support for two domains, including support for various protocols, a website with Webmail, and support for configuring emails on different platforms.
