## **Success Case**

Specialized Headhunting in the IT Area

# Problem

Overcome the difficulties of the current IT market and find specialized professionals to work at Ceptis (now SICPA South America), which develops security solutions.

# Solution

Visionnaire fulfilled all Ceptis/SICPA South America requirements to identify, select and forward the best professionals for the company's needs.

# Results

Visionnaire identified professionals within the profile desired by Ceptis/SICPA South America and conducted a selection process with speed, precision and cultural compatibility.
