

VISIONNAIRE

Success Case

Recruitment and Selection (Hunting)
of Highly Specialized Professionals

Problem

To provide Equiplano (a Volaris Group company) with Recruitment and Selection (Hunting) services in the Information Technology area.

Solution

Visionnaire became Equiplano's partner for the Recruitment and Selection of specialized professionals in different technology areas.

Results

With Visionnaire's *expertise*, Equiplano gained a partner to overcome a common difficulty for the hiring of highly specialized professionals capable of performing essential functions for the technological development of companies.
