## **Success Case**

Modernization and Renovation of  
Piraquara City Hall's Portal

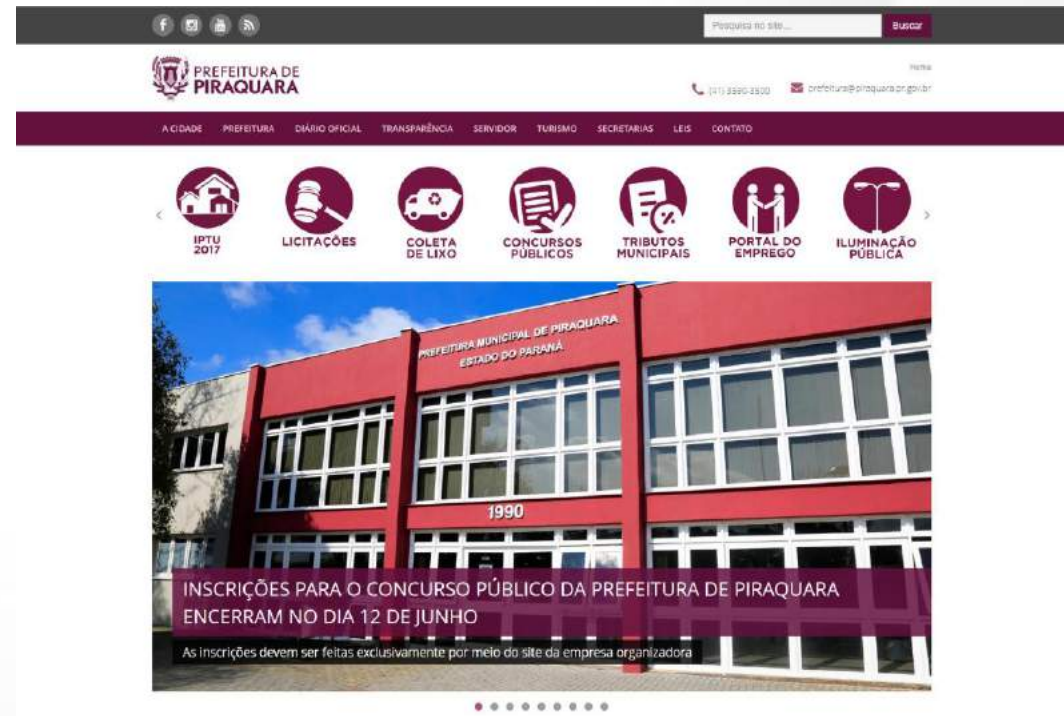

# Problem

Piraquara City Hall wanted to further expand its communication and make it more accessible and modern for the population. Therefore, a new change to the Piraquara City Hall's portal was necessary.

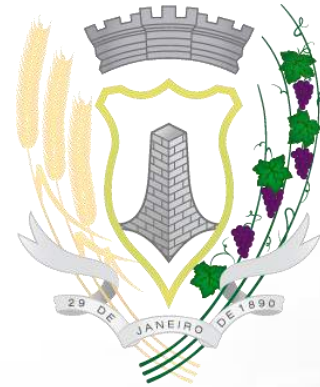

# Solution

Visionnaire developed and launched the new Piraquara City Hall's portal, being responsible for all design and technological infrastructure of the portal. Visionnaire's CMS solution facilitated the update of the portal for the city's communication team and other 11 secretariats.

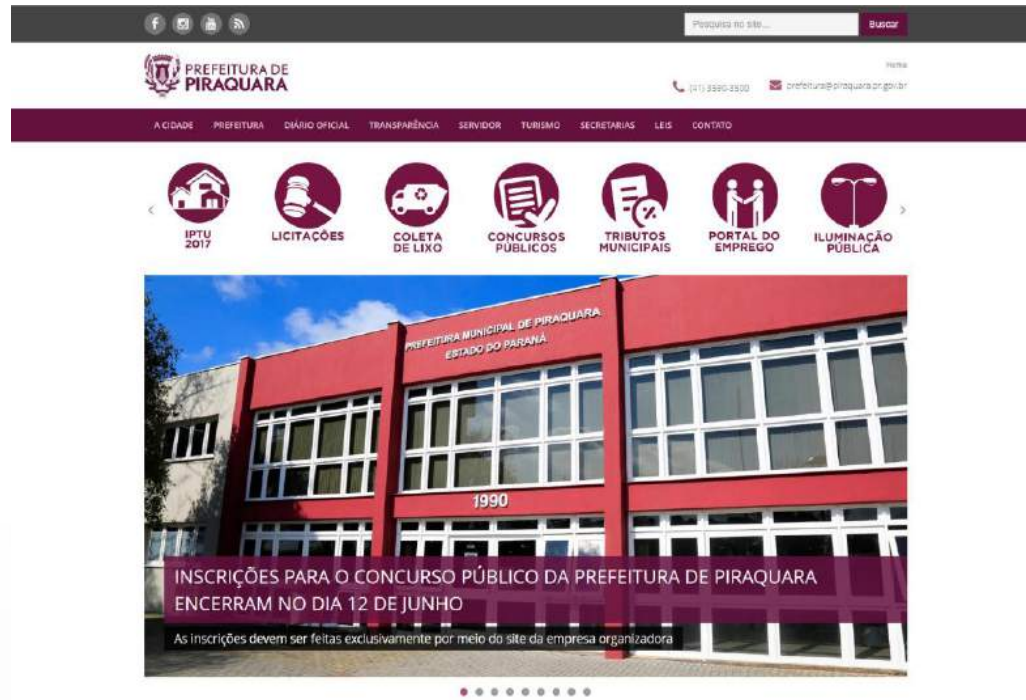

# Results

Piraquara City Hall's portal went through another renewal conducted by Visionnaire, becoming even more modern both visually and functionally, through new resources that facilitated the work of the city's communication office.
